Curriculum Vitae

Meilu Zhu [https://meiluzhu.github.io]

Postgraduate Student

Email: zhumeiluemail@gmail.com

Telephone: (+86) 13602573940

Shenzhen, Guangdong Province, China

College of Computer Science and Software Engineering, Shenzhen University

Research Interests

Facial Landmark Detection, Machine Learning, Deep Learning, Computer Vision

Education

2016 - 2019   **M.Eng.**   **GPA: 3.31/4.0**
Shenzhen University   Computer Science and Technology

2012 - 2016   **B.Eng.**   **GPA: 3.44/4.0**
Hubei University of Arts   Computer Science and Technology
and Science

Awards

Outstanding Postgraduate Scholarship	2018.10
Outstanding Postgraduate Scholarship	2017.10
Excellent Student of Academic Performance (Three years)	2016-2018
Excellent Graduate	2016.07
National Encouragement Scholarship	2015.11
Excellent Student Scholarship (2nd Prize)	2014.11
Excellent Student Scholarship (2nd Prize)	2013.11

Professional Skills

Programming Language: Python, Java, C, C++

Deep Learning Framework: Pytorch, Tensorflow, Caffe

Publication

Conference

[1] **Meilu Zhu**, Daming Shi*, Mingjie Zheng, Muhammad Sadiq. Robust facial landmark detection via occlusion-adaptive deep networks. IEEE Conference on Computer Vision and Pattern Recognition(CVPR), 2019. (Accepted)

[2] **Meilu Zhu**, Daming Shi*. Deep geometry embedding networks for facial landmark detection. International Conference on Multimedia and Expo (ICME), 2019. (Accepted)

[3] **Meilu Zhu**, Daming Shi*, Songkui Chen, Junbin Gao. Branched convolutional neural networks for face alignment. Pacific-Rim Conference on Multimedia (PCM), 2018, pp. 291-302.

[4] Daming Shi*, **Meilu Zhu**, Yongqiang Zhang, Feng Tian. An advanced level set method based on Bregman divergence for inhomogeneous image segmentation. ICMLC, 2017, pp. 334-339.

Journal

[1] **Meilu Zhu**, Daming Shi*, Junbin Gao. Branched convolutional neural networks incorporated with Jacobian-based deep regression for face alignment. Neural Networks. (Accepted)
